

# TOTALLY KOALAFIED

Family and Friends-

One more step towards Australia, many more to go. But each step is a victory so join us in celebrating our “koalification”. Ryan and I passed REV! The week was challenging for both of us but we are thankful for the many personal and cultural lessons learned.

We will be flying back to Atlanta in September for Launch, the week long introduction to MTW. And in the meantime, we have been cleared to begin support raising, yet another big step towards Australia.

Stay tuned for more information regarding our bigger vision for Australia. We hope to be sharing with you about our budget, future travel and Australian life over coffee, a meal or at formal speaking engagements in the future.

We can't move to Australia until we have full financial support. Please be praying about how you can partner with us. We welcome any questions.

With Prayers and Anticipation-

*Ryan and Joy Reiter.-)*

### Our Vision for Australia

Our vision is to support, grow and begin churches in the rural area outside of Perth. We will connect to the community through technology, literacy, sports, & community development. Our work will be done in conjunction with Australian church planters who have already been planning and praying for this part of Perth.

### How can you support us?

1. **Pray**— Prayer is the foundation for everything we do!
2. **Advocate**— Tell others about our ministry.
3. **Give**— [donations.mtw.org](http://donations.mtw.org) We need consistent monthly support but we welcome one-time gifts as well.
